NEW WORLD CHAMPION!!

-- Garrik Kasparov has defeated Anatoly Karpov 13 - 11 for the title of the World Chess Champion. Many N.D. players were in support of Kasparov through his long struggle for the title. Although he will undoubtedly continue in the mold of the Soviet chess machine, many saw him as a young, rising maverick. He will more likely be more conservative than we thought, as he must soon face Karpov in a return march. These two players should continue to be in the public eye for quite some time.

-- Speaking of the public eye, we should all thank Prairie Public TV for its weekly coverage of the World Chess Championship. Through their efforts, chess was brought into the homes of thousands of persons throughout the country. Thanks, Prairie Public!!

-- The 1986 North Dakota Scholastic Chess Championships will be held March 22-23, 1986 at the Doublewood Ramada Inn in Bismarck. Dickinson, West Fargo, and Turtle Mountain Community H.S. should be the contenders for the high school team trophy. If you know of any school-aged chess players, spread the word about the tournament. Even if there are not enough players for a team, students can still compete for individual prizes. Contact Terry Ness or Brent Askvig for more information on how to encourage chess in your local schools.

-- I was recently in Boston, MA and visited the Boylston Chess Club. This is one of the premier clubs in the metro area. After visiting the club and comparing it to those in ND, I can say that we should hold our heads high. They may have more players, but we surely beat them out in courtousy. We also can boast about our enthusiasm at the board. Players of 1700 - 1800 strength are not nearly as feisty on the 64 squares as we are.

-- North Dakotans, be proud of your state newsletter and your games. While in Boston I browsed through a number of East coast tournament bullitens and newsletters. Our newsletter ranks right up there among the top of theirs. Also, while we don't have the titled players that they do, our games and accoompanying comments (see J. Stanfield's game from the Kalaka International) are just as thorough as theirs by players of equal strength. So get out, hold your head high, and be proud of North Dakota chess!!

-- Winter is an excellent time for a chess match. Call up your friendly rival and start a match. If you want it rated, see your latest CHESS LIFE for details. Be sure to send me the results for inclusion in an upcoming Newsletter.

-- How about postal chess?? The entry deadline for the 1986 N.D. Postal Chess Championships has been extended to Jan. 15, 1986. There are only 4 players entered so far. This could be your chance to be a state champ!! Contact B. Askvig for details.

SEASON'S GREETINGS

Its that time of the year again, when chessplayers reflect upon their triumphs and what could have been. Many reflect if attending chess tournaments is worth the effort. I think it definitely is!! Despite the ups and downs of a "Prairie Sandbagger" (hitting a career high of 1677 and then falling back to a familiar class C) 1985 was a good year for North Dakota Chess. The state enjoyed over 15 rated tournaments across all regions. The NDCA NEWSLETTER is now sent with consistency and more contributions by our members. The membership holds steady with 104 paid-up members and $900.40 in our treasury. All in all the NDCA is flourishing with 1986 set for a great chess year!!

-- Jerry Triggs won the CDCC speed chess title for 1985 with 11 wins. His only loss was to Bruce Stearns early in the year. Congratulations, Jerry!

-- The Central Dakota Chess Club has cut back to being open just Wednesday evenings. There will be no Tuesday night chess.

-- Congratulations to fellow North Dakotans Jerry Triggs and Cliff Berger. They both tied for first place in the 2nd Proletarian Uprising in Pierre, SD on Nov. 23-24, 1985. Look below and see the tough field that they had to face.

TRUCE DECLARED!!

"Through the rocket's red glare, the bombs bursting in air, they proved though the night, that our flag was still there."

And when the smoke finally cleared, the flag flew over the battleground controlled by the Pawn Wars '85 Commander in Chief, Rick Case. A truce has been declared until next year when Commander Case will be challenged in a new series of Pawn Wars. Rick won the title by virtue of consistently strong play in all battles. He took the early lead and never gave it up. With the stiff competition in the Pawn Wars, he clearly deserved first place. Congratulations, Rick!! Also, a special thanks to all who participated, particularly Ron Schauer and John Leitel. Although they missed Pawn Wars 2, they played strong chess and finished 3rd and 2nd respectively. The next Pawn Wars will be in May or June.

Pawn Wars Director

WHEN GRAND FORKS WAS KING

by John M. Leitel

A recent issue of the NDCA Newsletter listed the currently active chess clubs of the state for the benefit of those seeking a place to play. There were five: Bismarck - Mandan, Jamestown, Minot, Fargo, and Dickinson.

What? No Grand Forks? That situation is a far cry from what things were thirty-some years ago when Grand Forks was about the only major town in the state which boasted any organized chess activity. Most of the tournament players of the day hailed either from Grand Forks itself or from one of the smaller towns in that sector of the state: Cavalier, Pembina, Hamilton, and so on.

Led by a local sparkplug named D.C. MacDonald, Grand Forks hosted the annual state tournament each year from 1948 through 1957 with two exceptions: 1949, when no tournament at all was held, and 1956, when Bismarck staged it. In a future issue we propose to give a detailed listing of the pertinent information for each state tourney that has been held to date.

In the meantime, we give this example of how they played in Grand Forks back in that era. Stanley S.Johnson, Black in the following game, was an engineering professor at the University of North Dakota. He won the state tournament in which the game was played and was victorious in the event on one other occasion as well. The game had the honor of appearing with notes by International Master Hans Kmoch in the July 1953 issue of the old CHESS REVIEW magazine. Kmoch, quite a punster, spoke of how the professor established a "bridgehead" and "engineered" a winning prize.

The writer tangled with loser Pohle in postal chess back in the early '70's and can testify that he was a mighty tough nut to crack. He trounced me, in fact. Pohle must have been pretty tough himself to have defeated such a strong player so decisively.

Pohle lived in Houston at the time he and I played but had moved around quite a bit earlier in his career. Already by 1953 he had won the open championsips of Louisiana and Mississippi. A native of St. Louis, Pohle worked as a geophysicist for an oil company, traveled a good deal, and so competed in many different state championships. His North DaKota Sojourn was brief.

8th BISMARCK OPEN

Dave Lindseth from Rugby, ND won the championship of the 8th Bismarck Open, held Dec. 7 and 8, 1985. He collected the $100 top prize in the 14 player event with 3.5 points in 4 rounds. Cliff Berger of Dickinson and Jerry Triggs of Mandan shared 2nd place with 3 points each.

There were upsets in each round that made the weekend tourney exciting. You did't know who would end up in first place until the final game. Lindseth, seeded 4th at 1725, met top seeded Lyle Hanson (1951) in round 3. After Hanson captured a rook, it turned out to be poisoned. Lindseth quickly announced checkmate to his surprised opponent!!

Jerry Triggs of the Central Dakota Chess Club provided a complimentary and very quiet room for the tournament. Although easily within a short distance from the fast food joints, it was extremely isolated from any possible distractions. The 1986 version could again have the ideal site. Congratulations to the winners who rolled in the big dollars!!

"KALAKA" DRAWS SMALL BUT STRONG FIELD

Thanksgiving weekend, being a time for family and combined with several late occurring personal conflicts made the turnout for the Kalaka International Open quite small. With only 8 entrants, the turnout was disappointing. Perhaps it will be better next year. Never-the-less, the competition was strong and hard fought with 2 players over 1900 and 6 players over 1700. The site was poolside at the Turtle Mountain Lodge and thus involved some noise, but the accomodations and the playing site provided several positive remarks throughout the tournament.

Certainly the low turnout was a topic of discussion during the event, but the biggest story was the performance of Canadian Paul Viminitz. He overcame a first round loss to Jerry Triggs to score a come-from-behind, undisputed 1st place victory. This was quite an accomplishment for a player who came into the competition as the lowest rated player!! The key was undoubtedly his last round defeat of ND Champ John Stanfield. For those looking ahead to next year, the Kalaka will probably be held in September.

CHESS NOTES

-- The long awaited results of the Starr - Wipf match are in!! Wipf - 6 pts. Starr - 5 pts. One of the 5 points for Starr was a forfeit. There were 6 draws, 3 wins for Wipf, and 1 win for Starr.

-- Perry Zentner scored a perfect 4 - 0 in a match with L. Splichal during November. LaMoyne says "no comment" on the outcome. Now that he knows Perry's weaknesses, the 1986 return match may be sweet revenge!?!

-- Kevin Beaver, treasurer of the Jamestown Chess Club, would like to play chess with any other ham radio operators. His call # is KA0BVH. His address is 505 1st West, Jamestown, ND. Phone: 252-4497.

DID YOU KNOW???

by Brent Askvig

-- Chess is thought of so highly in the Soviet Union that it is taught in the public schools. Yet, blindfold play is prohibited by law!!

-- In the 1903 St. Petersburg tournament, three players had the surname 'Znosko - Borovsky'. They all won prizes.

-- The oldest recorded game is from the 10th Century. It was played in Bagdad between Abubekr Muhammed ibn Yahya Assuli and Abu'l-faraj Almuzaffar ibn Sa'ud Allajlaj. Assuli was a historian and Allajlaj was his pupil.

-- The Bishop is known by many different names throught the world. Some of them are:

Arabic - Fil	Norwegian - Bisp
Dutch - Raadsheer	Persian - Pil
French - Fou	Spanish - Alfil
German - Laufer	Swedish - Lopare

-- There are more books written about chess than any other subject in the world.

-- Chess mathematicians have found that moving one square at a time, the Bishop may play from K1 (e1) to K7 (e7) in 8 moves in 483 different ways.

-- The letters A.V.R.O. stand for the Algemene Vereniging Radio Omroep, a Dutch broadcasting company. This company holds an annual GM tournament, one of the strongest in Europe.
